SOL NATURE

We are proud to offer the first truly ecological solution to artificial grass, that keeps the planet in mind. Sol Nature is *not used turf*. Sol Nature is made of artificial grass yarns which are predominately made (>80%) from recycled materials. Using recycled materials we created C-shaped blades, which offer excellent resilience, with a built-in memory function to ensure long-lasting, elegant turf. A truly foot-friendly choice!

- Made from over 80% recycled materials, lower your environmental footprint
- Natural look with bi-color yarn.
- European Made
- Non-Shiny
- Skin, Pet, & Child Friendly
